consider the Warrior and Sage mindsets:

As a Warrior...	As a Sage...
My purpose is overcoming resistance. Life is a series of battles, and the most important are zero-sum struggles that must be won.	My purpose is learning and helping others learn. Life is a series of mysteries, and the most important can't be solved but must be studied.
My world is a battleground, an athletic field, a negotiating table. It's also, at intervals, a victory party, a hospital, a funeral.	My world is a classroom, a laboratory, a carnival. It's never just one of these things, and sometimes it's all of them at once.
I view others as fellow combatants. Some are allies, some are opponents, and sometimes they switch sides, which I must bear in mind.	I view others with curiosity, because I don't know who they really are. Even if they're my students, they may also be my teachers.
I view myself with rigor. I know my strengths and maximize their advantages. I know my weaknesses and keep them hidden.	I view myself with amusement. I've learned enough to realize how little I know, and I discover my wisdom when I embrace my ignorance.
My thoughts and feelings fuel my dedication. I maintain an open mind, but also strive to convey my passion and conviction.	My thoughts and feelings come and go, as thoughts and feelings do. I acknowledge their influence while holding them lightly.
My goals are of paramount importance, in part because others are depending on me to achieve them. I'm committed to success.	My goals are flexible, because I know I already have what I really need. I'm committed to a process without being attached to a given outcome.

3. From Warrior to Sage

In addition to observing these respective mindsets in many leaders, I've also seen a pattern emerge over time: The Warrior mindset becomes less useful as leaders grow more senior, and the Sage mindset becomes increasingly important. The leader who remains limited to the Warrior archetype without adding the Sage to their repertoire grows less and less effective. This doesn't mean that the Warrior mindset becomes useless--we all have to know how to fight. [10] But it's essential to anticipate this transition.
